HAVANA, Aug. 20 -Owing to th development of five cases of yellow fever of a mild type among the United States roops at Cabanas fortiess, the contin gent there was removed vesterday to a camp about a mile away. It is believed that this will prevent any general out break. The authorities have not consid-ered the barracks at Cabanas unhealthful, and the troops had been there three months. It is quite certain that the sick iess was introduced by men who had frequented barrooms and other insum tary places. Only two cases of yellow fever now remain among the United States troops at Puerto Principe.

Over = burdened Women.

Many a man sees his wife bend and ting at burdens that strain the back and the heart alike, without any idea of the outrage. Children follow in too quick succession to allow the mother tine to recuperate. The womanly organs become displaced, there are dehilitating. Ilsagreeable drains, with the added pain of influmed or ilcerated parts. In this condition the woman bravely tries to carry her household load, afraid to take the rest she needs lest a meal will be late. No wonder she is pale, weak, wretched, surly of temper and snappish of tongue. She would be false to nature if she were anything else. No persons need help so much as the class of whom this woman is the type. And for such women no help is so sure, so wonderful as that given by Dr. Pierce's Favorite Prescription. It restores all the womanly organs to perfect health. It establishes regularity in their functions. It restores the strained and shattered nervous system. It clears up the complexion, rounds out the form and makes life a daily happiness. "Favorite Prescription" contains no alcohol or whisky. It is the best medicine for women. Nothing can be "just as good" as the best. Tell the dealer so if he offers a substitute.
